Machine Features

MH-1018JA Machine Features

MH-1018JA is designed for industrial use, different from the competitive manufactures' machines that used on DIY. Therefore, MH-1018JA equips with 2HP motor; powerful and particular gearbox to bear the tension of saw blade; 27 saw blade; tungsten carbide blade guide and guide bearing to bear the power; high class cast bed and the dovetail of saw blade guide; fast clamping; precise hydraulic feeding system; power off when cut off the material; rigid base; coolant supply and chip collector; industrial coolant pump.

The features mentioned above that proved this MH-1018 can be a Life Time machine. Not like DIY machine will be thrown after using 3 to 5 months.
